

ALCOHOL DEPENDENCY AND ADDICTION

From despair to hope; from hope to recovery

Nick Breach (Dip. Ads. Counselling)

Twenty five years of professional training and personal experiences have enabled me to help others on their journey into recovery.

Fully insured, I've worked in the recovery environment of detox and rehabilitation centres and in HM prisons whilst also developing a private practice here in South Devon.

No one size fits all and so I offer a **free initial session** before entering into a longer term relationship toward recovery.

Home visits can also be negotiated (if immobilised by your circumstances)

If you feel I might help please get in touch

My services are
fully insured
